About Us

Our company, Zero Aircon Technologies, was founded in the year 2019 by a passionate HVAC engineer with zero investment. Started at a small scale, today our enterprise has emerged as a reputed conglomerate that owns a wide customer base. We are here to meet a wide variety of high-efficiency systems for residential as well as commercial applications. As a supplier and trader, we are offering products like Chilled Water Cassette, Compact Fan Coil Unit, Mixed Flow Duct Fan, FCU Valve Station, etc. Besides unmatched quality, the fair pricing of our products helps us in delighting customers and attaining their satisfaction.

We are an eco-friendly entity and we make sure that any of our action does not leave an adverse effect on the environment. Our company is an ideal match for customers on all the parameters and our past records reflect the same. Also, in order to make clients understand our policies, we discuss the same with them so that all their doubts can be cleared and a long-lasting bond can be developed with them based on transparency and trust. Give us a chance to serve you, and we guarantee that just like our existing customers, you too will become loyal to us.
